## Waterfall Chandelier

This amazing metal chain link chandelier, with its square brass patchwork top, is reminiscent of the most sophisticated art sculptures, offering a complete different perspective from the side than from the front, certainly will become the new focal point of your dining-room or foyer.

## Maze Chair

If one's desires to funk up one's room, I can hardly imagine a more innovative nor a more original chair to complete your family-room, great room or foyer. Surprisingly comfortable, mixing contemporary style and neo-classicism, this chair will surely become a conversation piece!
