### Shock & Chic Trays

These over the top, full of life, super chic Lucite trays, have the particularity to be colored only at their base which adds a fantastic feature of luminosity on any table or kitchen island. Slightly extravagant with a hint of provocation, imagine serving your evening cocktails on one of these.....

## Spring Fling

As a very long awaited Spring time finally arrives, I decided to introduce you to a few of my favorite new items, which could not fit better a room in need of a new vibe, or a brand new room, or simply the rebirth of a garden. The following items are bold, sophisticated, enlightening, chic, elegant but mostly they are original. Who wants to go to a friend's house and see the same furniture or the same accessories? Well my friends, here are some of the best kept secrets of this Spring 2013. To consume without any moderation and to enjoy for many, many other Springs to come.....

### Confucius Planter

This amazing French planter, comes in Iron or in wood, with custom options in sizes and colors also featuring Nickel or Brass Finials. Which garden or front entrance wouldn't beg for this incredibly sophisticated planter; the perfect host for a double bowl topiary or a tailored tree.

### Once upon a Duck

Now, here is a perfect example of lighting becoming art. This un-precedent stylish lamp, created and manufactured in Milan, Italy, is the perfect focal point on your foyer's console or for your living room end tables. Its solid brass sculpted base is elegantly dressed of a white feather shade. Sophistication as only the European dare to create.

### Concorde Corner Lucite Chair

This Stunning and rare corner chair is a perfect complement to attract attention to an existing or a new room, its simplicity, panache, lightness and originality surpass all expectations and guarantee a new focal point in your Living room or Master Bedroom. I highly recommend textured simple fabrics to upholster it, as the shape is strong enough and does not require additional patterns.

**Avenue Montaigne end Table**

This Incredible end table built of solid polished brass base holding a double varnished goatskin shelf, not only is reminiscent of the best design of the 1970's but also transcends into the 21st Century by its innovative shape and its use of scale. A magnificent heirloom piece of furniture.

**Equilibrium Bucket**

Amazingly, this original Ice bucket can also be used as a flower vase. Its scale and visually pleasing design will assuredly become the center of conversation. Practical, elegant and light to the eye, the perfect host to your chilled bottle of Crystal at your next spring cocktail.

**Cercle Castel Pendant**

One of my all-time favorite pendant, reminiscent of the Nickel palm trees of the art deco movement, found at 'Castel' in Paris or at the detour of an Aisle of the Paquebot Normandy, this incredibly glamorous object will crown any table or any room with the confidence of a gigolo.

## House of Clement Donates Room to Near and Far Auction

This year's recent Near and Far Aid Spring Gala at Mitchells in Westport, was the stage for interior designer, Gilles Clement's fabulous "Bollywood Lounge". Never one to disappoint, this talented designer wowed auction goers with his take on "Paris Chic meets Hollywood" in a room vignette featuring rich saturated colors, timeless accent pieces, custom furnishings dressed in luxurious fabrics and notable works of art by renowned French artists, Clement-Kamena.

Green, chartreuse and fuchsia throw pillows dot a House of Clement custom sofa wearing textured ivory herringbone cotton pile. Outlined in chartreuse, its polished

nickel French Cabriole style legs add shine and a contemporary take on a classic motif. Timeless Lucite chairs sport elegant imported chartreuse raised velvet pile seats which played off nicely against the oversized polished-chrome "opium" cocktail table they surrounded. White lacquered end tables support custom yellow table lamps with white silk shades. A pendant light with a stunning lacquered fuchsia shade illuminated the colorful and cheery arrangement. A modern woven geometric fabric in chartreuse finished the windows. Known for his attention to detail, Mr. Clement used colorful books by some of his favorite pop-artists throughout the space to complement the color scheme.

"I believe Near and Far Aid is a wonderful organization, Mr. Clement stated, and that by supporting them, everyone benefits." "I was proud to be a part of this event and support their mission in fighting poverty in Fairfield County. "I strongly encourage everyone to lend their support to this organization," he said. "With positive karma and concrete aid", we can all make a difference.
